

PPM GOALS

The goals of the project portfolio management unit are as follows:

- Sustainable development of strategic geographic areas to vibrant economic zones through upgrade of public spaces,
- Implementation of infrastructural projects as a vehicle for economic growth,
- Facilitation of private sector capital investment projects,
- Facilitation of Public sector capital investment projects,
- Facilitation of Public/Private partnership as a project implementation approach,
- Unlock economic value in declining investment movements in strategic areas through development and upgrade of infrastructure projects,
- Facilitate productive partnerships in developments which support TEDA's mandate,
- Employ sound project planning and implementation practices,
- Transforming geographically strategic areas to economic sustainable,
- Establish strategic partners with economic research and funding Institutions/Investors.
